

CSIR-CENTRAL ELECTROCHEMICAL RESEARCH INSTITUTE

KARAIKUDI

MoUs Signed by CSIR-CECRI

- CSIR-CECRI, Karaikudi has signed an MOU with National Institute of Technology(NIT), Trichy for collaborative R&D in the field of corrosion Science &Technology and allied fields on Feb.2012
- An MOU was signed with VIT University, Vellore on December 2013 for collaborative R&D in the field of Electrochemical Science &Technology
- An MOU was signed with Karunya University , Coimbatore on August 2014 for collaborative R&D in the field of Electrochemical Science &Technology
- CSIR-CECRI, Karaikudi has signed an MOU with Periyar Maniammai University, Thanjavur, for collaborative R&D in the field of corrosion Science &Technology and rural science implementations
- An MOU was signed with Vikaram Sarabhai Space Centre(VSSC), Thiruvananthapuram on June 2013 for the development Pretreatment chemicals and protective coatings for Maraging steel materials

- CSIR-CECRI, Karaikudi has signed an MOU with Shree Chitra Tirunal Institute of Medical Science and technology, Thiruvananthapuram (SCTIMST) for collaborative R&D in the field of Physical Vapour Deposited hard coatings for bio medical implants. (2010)
- An MOU was signed with Her Majesty the Queen of Canada through The Materials Technology Laboratory (CANMET-MTL) for R&D on oil and gas pipeline materials and development of corrosion management tools (2008)
- An MOU was signed with Case Western Reserve University Cleveland for R&D in pure electrochemistry, educational and training programmes, Seminars in the mutually agreed disciplines. (2008)
- An MOU was signed with Monash University, Australia, for R&D in corrosion, Exchange of Scientists, educational and training programmes, Seminars in the mutually agreed disciplines. (2008)
- An MOU was signed with Korea Electrotechnology research Institute (KERI), South Korea for R&D in Electrochemical Science and Technology. (2002)
