

## CORRIGENDUM

Date : March 2, 2022

### Original Tender Reference:

Org Name: Council of Scientific and Industrial Research||CECRI Karaikudi||

Purchase -CECRI-CSIR

Tender Ref No. :	18-42(03)/NIT01/2022
Date :	25-Feb-2022 03:43 PM
Tender Id: :	2022_CSIR_648908_1
<b>File Number: 18-42(03)/NIT01/2022</b>	<b>Date: 25.02.2022</b>

### **I. Item 8.3.2 may be read as below:**

8.3.2 Company that offers the highest royalty (in rupees per cell fabricated from this facility) to CSIR-CECRI (minimum Rs 1 Lakh per month) will be selected provided it meets all other criteria stipulated in this Tender. However, this minimum royalty share will be applicable from second year onwards in order to provide sufficient time to stabilize the fabrication at the plant for its full capacity. During the first year, the company may offer a royalty of minimum Rs. 2.5 Lakh (assuming that they will be establishing/conversant with the fabrication facility by attempting 50 % fabrication capacity) and from second year onwards the company may pay their royalty, as per their quote.

### **II. Item 2 a) under 14. Instructions to Bidder for preparation of bid may be read as below:**

2. The following document shall comprise the price bid.

a) Royalty in Rupees per cell fabricated from this facility duly signed in the format.

### **III. In Annexure I under B. Essential Requirements**

❖ **Point 12 may be read as:** Whether prospective company has R&D, Design, Engineering, Manufacturing capabilities (provide supporting details)

❖ **Point 13 may be read as:** Whether the Company practices any non-infringing technology for LIB cell / pack making (provide supporting details)

**IV. In Price Bid format the following 3 lines**

I/We hereby offer Royalty .....

We understand and accept that the minimum .....

We also understand and accept that the royalty share .....

**may be read as below:**

I/We hereby offer Royalty of Rs. \_\_\_\_\_ per cell fabricated from this facility.

We understand and accept that the minimum profit share in the first year of operation will be Rs. 2.50 lakh, payable upfront.

We also understand and accept that the royalty share from the second year onwards will be based on number of cells fabricated from this facility payable monthly (minimum Rs. 1.00 lakh per month) as per the above quoted royalty offer.

The other terms & conditions of the tender will remain the same.
