

## **(17.1) Leave to Contract Officers**

### **(17.1.1) Appointment Of officers -period of contract-leave privileges.**

The question of applying the same leave rules, as are normally applied to permanent employees, to Officers appointed on contract under the Council has been under consideration for some time.

The governing body of the Council of Scientific and Industrial Research at its meeting held on 22/3/58 has decided that appointments to all posts of Senior Scientific Officer Grade II and above which are at present made on contract basis for a period of 5 years, should in future, be made on the same basis for a period of 6 years.

Further, officers appointed on contract may carry forward leave earned by them during their service under the Council in the same manner as admissible to other officers of the Council not appointed on contract.

(CSIR Letter No:5/1/58-PC, dated: May 28, 1958.)

### **(17.1.2) Sub: Admissibility**

Only earned leave is admissible to the contract officers as to an officer in the permanent employ and that, in respect of other kinds of leave due and admissible, they are treated as temporary employees. Since "Leave Not Due" is of nature of half pay leave it will not be admissible to contract officers.
