

COUNCIL OF SCIENTIFIC AND INDUSTRIAL RESEARCH

CSIR invites visionaries in drug R&D with missionary zeal and dedication to help it plan, recreate and operate **Central Drug Research Institute(CDRI)** as its **Director**.

Council of Scientific & Industrial Research(CSIR), established in 1942, is an autonomous society whose President is the Prime Minister of India. An ensemble of 37 state-of-the art laboratories, today, CSIR is amongst the foremost industrial research organizations in the world. CSIR's expertise and experience is embodied in its about 4,600 Scientists and 8,000 scientific & technical support personnel. Over the years, this unique organization has served as a springboard for scientific and technological activity in a wide variety of S&T areas. It has helped India usher into a scientific milieu, creating and nurturing talent in science, innovation and technology. CSIR has spawned many organizations, many disciplines and most importantly has served as a nursery and training ground for most of India's talented scientists & technologists.

Central Drug Research Institute(CDRI) is premier research institute of CSIR doing R&D in drug development. Over the past decades, CDRI has spearheaded drug R&D in the country and has to its credit development of several new drugs and over 10,000 research publications. Hitherto it has been a prime provider of human resources for drug R&D. It has generated over 1500 Ph/Ds, many of whom hold prestigious positions in academia and pharma industry, in India and abroad.

CDRI has staff strength of nearly 820 of which 200 are qualified Scientists. The annual budget of the Institute is around Rupees 85 crore.

Presently, the institute is located at the historic Chattar Manzil Place, Lucknow. A new world class campus as a futuristic research facility is being created in a sprawling 250 acre area at Lucknow. For more details about the Institute, visit www.cdriindia.org

Essential Qualifications : Ph.D in Natural Science or Masters degree in Medical Science.

Desirable Qualification : Ph.D in Medical Science.

Age : 45 years or above but not exceeding 58 years.

Experience : 16 years of experience in Research and Development in the areas of activities of the Institute and demonstrated excellence of leadership therein.

Years of experience shall be computed from the beginning of research career of the candidate.

Relaxation : The qualifications, age and experience can be relaxed in case of exceptionally meritorious candidates with the approval of DG, CSIR.

Candidate : Should be creative, innovative and a well-established Scientist/Technologist having a demonstrated ability to manage multidisciplinary R&D teams with excellent interpersonal relations. The candidate should be able to create a conducive environment for nurturing high-class research and development.

Responsibilities : The Director shall supervise and exercise administrative control on the staff of the Institute and shall be responsible for (i) realizing the mission of the Institute; (ii) creating an environment in the National Institute conducive to nurturing of innovation and high class R&D and other S&T activities of the Institute and (iii) managing the affairs of the National Institute as per decisions of the Management Council. The Director shall in all matters have powers delegated to him by the CSIR Governing Body.

Appointment : The appointment to the post of Director will be made on contract for a period of six years in the pay scale of Rupees 22,400-525-24,500/- plus allowances as admissible from time to time. In deserving cases, tenure can be extended by another term of six years or till the age of superannuation whichever is earlier. The provision to share the money realized from external contract R&D, consultancy and rendering of S&T services is also available as per rules. Residential accommodation is provided as per rules.
