

Indo French Centre for the Promotion of Advanced Research **(CEFIPRA)**

Indo-French Water Network (IFWN) Programme:

Considering the strong urge of the French and Indian governments to reinforce scientific collaboration to address prevalent and emerging challenges in water, the French Embassy in India and the Indian Department of Science & Technology (DST) have joined hands for Indo-French scientific networking programme in the field of water. This networking programme has been implemented by the Indo French Centre for the Promotion of Advanced Research (CEFIPRA).
