“CSIR, India: An Innovation Hub for Global Sustainable Development”

Science Summit at the 77 United Nation General Assembly

Date: 22 and 28 September 2022; Time: 1630 hrs to 1900 hrs (IST)

About the Organization: Council of Scientific and Industrial Research (CSIR), India

Council of Scientific & Industrial Research (CSIR), India, is the largest industrial R&D organization in India, under the Department of Scientific and Industrial Research (DSIR) of Ministry of Science and Technology, Government of India. CSIR, established in 1942 has 37 multidisciplinary R&D institutes located across India that are working in a wide spectrum of S&T fields from oceanography, geophysics, chemicals, drugs, genomics, biotechnology and nanotechnology to mining, aeronautics, instrumentation, environmental engineering and information technology. SCIMAGO Institutions Rankings 2022 has ranked CSIR, India **39th among 1745 Government institutions worldwide** with a “**Research**” rank of **186 among the 8084 ranked institutions globally**. CSIR, India lies in the 4th percentile in Research ratings among with World institutions and lies in the **2nd percentile in Research rating among the institutions in Asiatic region**.

The Network of laboratories are being manned by about 9000 highly skilled S&T manpower. Its need-based and industry-focused R&D and technology development, strength in basic and applied research, and the world-class R&D infrastructure have contributed immensely to India's prowess in S&T as measured by patents, publications and innovations.

CSIR has been contributing immensely to the industrial, societal and economic development and growth of India for eight decades now. CSIR has helped India overcome many challenges and crisis, from promoting self-sufficiency in the face of technology denials, to handling natural disasters such as earthquakes, floods, pandemic, through appropriate technological solutions.

CSIR has recently developed “CSIR@80: Vision & Strategy 2022 – New CSIR for New India” which envisions pursuing science that strives for global impact, the technology that enables innovation-driven industry and nurtures trans-disciplinary leadership thereby catalyzing inclusive economic development for the people of India.

CSIR has been immensely contributing to the UN Sustainable Development Goals. The Session on “**CSIR, India: An Innovation Hub for Global Sustainable Development**” will briefly present these contributions. These can be viewed at
