

3. *Vigyan Sarvatra Pujyate* – Science Week Festival February 22-28, 2022 Science Lectures

CSIR laboratories participated enthusiastically in the iconic week of *Vigyan Sarvatra Pujyate*, the Science Week Festival, organized and coordinated by the Office of PSA and Ministry of Culture along with DST - Vigyan Prasar during February 22-28, 2022. Activities conducted across all S&T departments included 75 Science Lectures by eminent speakers at 75 different locations in languages including English, Hindi and states' local languages under Four themes namely- **From the Annals of History; Milestones in Indian Modern S&T; Science, Technology and Innovation for self-reliance/ *Atmanirbar Bharat* and Looking ahead-S&T Roadmap for next 25 years.**

CSIR participated in the celebrations by identifying 33 Eminent speakers (CSIR and non-CSIR) at the designated locations with physical presence (or online) in the respective languages for the lectures in all four themes.

Science Expo during *Vigyan Sarvatra Pujyate*

A Mega Expo was organized as a part of the *Azadi ka Amrit Mahotsav* during the week leading to the National Science Day. CSIR displayed 60 posters including standees on CSIR technologies & achievements and also displayed the products from different CSIR labs.
