### About our Guest Speaker

**Alex Holcombe**, a Professor of psychology at the University of Sydney, has been involved in reforming researcher practices in science through initiatives such as the web app *tenzing*, the creation of the journal *Advances in Methods and Practices in Psychological Science*, the Association for Interdisciplinary Meta-research and Open Science, the Free Journal Network, Registered Replication Reports, PLoS ONE, and the WikiJournal of Science. As well as doing meta-science, Alex conducts psychology experiments on topics such as how humans keep track of moving objects.
