

## Indo-German Science & Technology Centre (IGSTC)

**Special Call for Indo-German Bilateral Virtual Workshops:** In the current COVID-19 pandemic scenario, as physical workshops & networking are restricted, IGSTC launches a special call on bilateral Virtual Workshops. IGSTC will resume the physical workshops through Open Call Workshop programme as soon as the situation becomes normal.

The Indo-German Science & Technology Centre (IGSTC) invites proposals for organising Indo-German virtual workshops on areas of mutual interest with an aim towards creating platforms for substantive interactions between scientists / researchers from academia and industry. The workshops are to be designed around a specific research topic out of thematic areas relevant to both DST and BMBF. Any other relevant topics of very high importance may also be considered. Proposals with a potential for generating follow up activities including joint projects are preferred. Training workshops as well as meetings between two institutions do not fall under the scope of this call.

The conditions to be followed while applying: (i) Participation of relevant industries is expected; (ii) A detailed draft program including a list of the expected participants has to be submitted along with a brief background document illustrating the importance of the workshop; (iii) Involvement of young scientists is highly recommended; (iv) It is expected that the workshop participants belong to various institutions; (v) The utilisation of IGSTC format is mandatory for the application; and (vi) IGSTC logo should be displayed in prominent places.

Proposals should be submitted electronically via email to **[info.igstc@igstc.org](mailto:info.igstc@igstc.org)**.

The evaluation will be done on a rolling basis on receipt of sufficient number of applications.
