Subject: World Blood Donor Day on 14th June, 2024.

Dear Secretary

World Blood Donor Day is a global celebration held annually on the 14th of June to express gratitude to blood donors for their selfless act of saving lives through voluntary blood donation. This day serves as a reminder of the critical need for regular non-remunerated voluntary blood donations and aims to raise awareness about the life-saving impact of these donations.

2. World Blood Donor Day is going to be observed this year in the county on 14th June, 2024. The campaign slogan for this year will be **"20 years of celebrating giving: Thank you, blood donors !"**.

The objectives of this year's campaign are:

- To thank and recognize the millions of voluntary blood donors who have contributed to the health and well-being of millions of people around the world.
- To showcase the achievements and challenges of the national blood programs and to share best practices and lessons learned.
- To highlight the continuous need for regular, unpaid blood donation to achieve universal access to safe blood transfusion.
- To promote a culture of regular blood donation among the youth and the general public and to increase the diversity and sustainability of the blood donor pool.

The suggested action plan for the event is as follows:

- (i) The event will aim to maximize the registration of willing blood donors along with optimal blood collection.
- (ii) To spread awareness among rural masses, activities of felicitation of blood donors and pledge-taking ceremonies may be organized at the Gram panchayat level. The Pledge can be administered by the respective Sarpanch.
- (iii) Similar, activities may be organized at the block and district level. The office of the District Collector /District Magistrate may be involved in supervising the entire activities in the concerned district.
- (iv) A pledge in English or Hindi or regional language for blood donation will be administered through both physical events at the levels and digital platforms. A template of the Pledge in English and Hindi is enclosed, which may be translated into regional languages for wider dissemination.

(v) To promote registration of blood donors and create awareness, a facility for blood group testing may be made available on 14th June 2024 at all PHCs/CHCs/Sub-district and District Hospitals and other blood banks as per feasibility. This will help the common citizens to know their blood group, which will be useful in emergencies for blood donation.

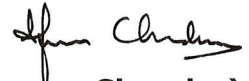

3. All Central Government Ministries, Hospitals/Institutions, and Medical Colleges (Government and Private) are requested to organize similar activities on 14th June, 2024.

4. Accordingly, you are requested to organize activities to celebrate the event and disseminate the information widely among various stakeholders. Further, it is requested, that a report along with the photographs of the celebration of the event may be shared with this Ministry on the email address : mp.khobragade@gov.in

with regards.

Encl.: as above

Yours sincerely,

(Apurva Chandra)
