

Dr. Sriram Gullapalli
Senior Scientist
CSIR-National Institute of Oceanography
Dona Paula, Goa, India

7 July 2024

Dear Dr. Gullapalli,

Acceptance letter to host Dr. Sriram Gullapalli, Sr. Scientist as CSIR-Raman Research Fellow and Potential Collaboration at Oklahoma State University

I am writing to express my willingness to host you as CSIR-Raman Research fellow. Should the fellowship be awarded to you, I am prepared to guide and support your proposed research during a 6-month tenure at Boone Pickens School of Geology, Oklahoma State University, Stillwater, Oklahoma, United States.

Your outstanding contributions to the field of geophysics have not gone unnoticed, and your proposed research topic, "**Advanced Seismic Characterization of the Andaman Subduction Dynamics for Geohazards Prediction**," reflects your commitment to advancing scientific knowledge in a critical area of study. This topic aligns with my expertise and long-term research interests, and I am enthusiastic about working collaboratively to advance the research frontier.

Oklahoma State University offers a dynamic and collaborative research environment with access to cutting-edge facilities, advanced geophysical equipment, and a vibrant academic community. As a CSIR-Raman Fellow, you would have the opportunity to engage in interdisciplinary research, benefit from mentorship by experienced faculty members, and contribute to ongoing research projects.

I will be available to answer any questions your award committee might have.

Warm regards,

A handwritten signature in black ink, appearing to read 'Priyank Jaiswal'.
