Ministry of Statistics & Programme Implementation

D.O. No. I-12011/1/2025-CC-MOSPI
September 24, 2025

Dear Secretary,

As you may be aware, Ministry of Statistics and Programme Implementation has undertaken a digital transformation exercise for making data easily accessible in a timely manner for evidence-based decision making. As a part of our digital bouquet, a mobile app "GoIStats" has been launched.

2. The GoIStats mobile application represents a significant milestone in our digital transformation journey, aimed at ease of access for India's official statistical data and bringing government statistics directly to the fingertips. This innovative platform transforms the way stakeholders interact with crucial socio-economic data, making it instantly accessible without the time and place barriers.

3. The application features an interactive dashboard that showcases important socio-economic indicators with dynamic visualizations. This app also incorporates advanced data storytelling capabilities, presenting complex statistical information in user-friendly infographics that enhance understanding and interpretation of data. The application has been designed with a focus on user experience, ensuring that both technical and non-technical users can navigate and utilize the platform effectively.

4. This initiative aligns with our commitment to provide quality data for a *Viksit Bharat* and is expected to significantly enhance the accessibility and utility of India's official statistical data, supporting evidence-based policy formulation and implementation for a developed nation. The GoIStats mobile application is freely available in android version & iOS version (QR codes below), ensuring comprehensive coverage across all mobile platforms. I request your continued support in making this initiative a success by circulating it widely among the officers/officials/institutions of your Ministry/Department.

Regards.

Yours sincerely,

Saurabh Garg
(Dr. Saurabh Garg)
